

influence ----- inspiration

taste?

what, where, who -- are your influences?

smell?

pursue an avenue where IT comes from the gut

For this project you will:

- identify the people, things, smells, places, tastes, pains - anything that has had an influence on you*
- create a work that speaks to or pays homage to a defining moment in your life*

think far.

*think beyond the simple symbols,
ask yourself if it seems too easy.*
